**Sydney Football Stadium Redevelopment - Stage 2 (SSD-9835)
Revised Construction Noise and Vibration Management Plan, Condition A55**

Dear Ms O'Neil

I refer to the revised Construction Noise and Vibration Management Plan (CNVMP) submitted to the Planning Secretary under condition A55 of SSD-9835. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the revised CNVMP:

- was reviewed by the Applicant, and no issues were raised to the Department;
- relates to the Precinct Village and Multi Level Car Park (PV&MLCP) main works;
- was submitted to NSW EPA to seek comments;
- has been updated due to the recent MOD-10 determination; and
- contains the information as required under condition B28.

Accordingly, as nominee of the Planning Secretary, I approve the revised CNVMP, Revision 6 Issue 7, dated 13 July 2025, prepared by Pulse White Noise Acoustics Pty Ltd, for the PV&MLCP main works, under condition A55 of SSD-9835.

I remind you that prior to commencement of works, all mitigation and management measures identified in the revised CNVMP must be installed or implemented on the site as per condition B30.

Please note that if there are any inconsistencies between the revised CNVMP and the conditions of consent, the conditions will prevail.

Also, please make the revised CNVMP publicly available on the project website as per condition A36 of the consent.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely
