**Sydney Football Stadium Redevelopment – Stage 2 (SSD-9835)
Construction Noise Monitoring Report, Condition C17**

Dear Mr Raggatt

I refer to the quarterly Noise Monitoring Reports (NMRs) submitted to the Planning Secretary in accordance with condition C17 of SSD-9835, as modified.

I note the NMRs:

- were reviewed by the Applicant, and no issues were raised to the Department;
- relate to three quarters, that is, April to June 2025, July to September 2025, and October to December 2025;
- include short-term attended noise monitoring data; and
- compare the noise monitoring outcomes against construction noise goals.

Accordingly, the Department has filed the Noise Monitoring Reports prepared by BESIX Watpac, received on 5 December 2025, for our information as per condition C17 of SSD-9835.

Please note that if there are any inconsistencies between the submitted reports and the conditions of consent, the conditions will prevail.

Also, please ensure that the NMRs are available for public access on the project website as per condition A36 of the consent, if not done already.

If you have any questions, please contact Hala Fua at hala.fua@planning.nsw.gov.au.

Yours sincerely

Shiraz Ahmed
