**Griffith Base Hospital Redevelopment (SSD-9838218)
Operational Management Plan, Condition D33**

Dear Ms Saunders

I refer to your Operational Management Plan (OMP) submitted to the Planning Secretary under condition D33 of SSD-9838218. I acknowledge and thank you for your response to the Department's request for additional information.

I note the OMP:

- was reviewed by the Applicant, and no issues were raised to the Department;
- aims to minimise potential traffic impacts associated with the Oxygen tank delivery and Substation maintenance, as required; and
- has been submitted prior to the commencement of final operation.

Accordingly, the Department has filed the final Operational Management Plan, Issue 3 dated 11 December 2024 prepared by ADCO Consultants, for our information.

I remind you to ensure effective implementation of the OMP to reduce traffic congestion, delays and safety issues associated with the Oxygen tank deliveries and Substation maintenance activities.

Please note that if there are any inconsistencies between the submitted OMP and the conditions of consent, the conditions will prevail.

Also, please make the OMP available for public access on the project website as per condition A23 of the consent.

Should you have any questions, please contact Jeremy Martin at jeremy.martin@dpie.nsw.gov.au.

Yours sincerely

Shiraz Ahmed

Team Leader - Social Infrastructure Projects
Infrastructure Management

As nominee of the Planning Secretary
