Layne Holloway

BSci (Land and Heritage Management)

The University of Wollongong - 2018

Heritage Consultant

Layne is a young professional who recently joined NGH with two years' consultancy experience in Aboriginal and non-Aboriginal Projects within NSW. She holds a Bachelor of Science majoring in Land and Heritage Management from the University of Wollongong. Layne's professional experience and competencies include Aboriginal community consultation, reporting and heritage surveys and excavations within the Illawarra and Regional NSW.

Layne has experience conducting heritage projects as part of a team on infrastructure projects, and heritage monitoring programs. She is proficient with The Due Diligence Code of Practice for the Protection of Aboriginal Objects in New South Wales (DECCW 2010) and other NSW and Federal Heritage legislation, including the relevant parts of the *National Parks and Wildlife Act 1974*, and the *Heritage Act 1977*.

Through her project experience Layne has gained a strong Understanding of Aboriginal Cultural Heritage Management and Assessment. In combination of her developing experience in historical heritage, Layne is rounded heritage consultant with the capabilities to promptly collaborate team members in a range of projects to achieve high quality deliverables.
