Date: 29th July 2019

Snowy Hydro Limited
Monaro Highway
Cooma NSW 2630

Attention: Kieran Cusack
Employer's Representative

Project: Contract No. 94896 - Snowy 2.0 Pumped Hydro Electric Scheme Capacity Upgrade

Subject: Information for economic assessment for proposed segment factory

Reference: [1] SHL-RTRFI-000001, dated 17 July 2019

Dear Kieran,

The Contractor refers to the transmittal ref. [1] dated 17 July 2019 and respond as follows in respect of the information requested to assist the Employer's economic assessment of the proposed segment factory at Polo Flat:

Information Requested	Contractor's Response
<i>Expected construction costs</i>	Approx. AUD 55 million of which 65% is for construction of segment plant cost and 35% for area preparation cost
<i>Number of construction workers sourced locally (ie in Cooma and surrounding areas)</i>	Contractor anticipates to source approximately 80% of the workforce locally
<i>Number of operational workers sourced locally</i>	Contractor anticipates to source approximately 80% of the workforce locally

The Contractor trusts the information provided above satisfies the Employer's requirements.

Yours sincerely,

Antonio Berti
Project Director & Contractor's Representative
