Subject: Parramatta Light Rail, Stage 2 – Construction Environmental Management Framework, condition C1

Dear Ms Dias,

I refer to your letter dated 24 March 2025, regarding the updates made to the Parramatta Light Rail, Stage 2 - Construction Environmental Management Framework (CEMF). The Department notes that the Project's CEMF was approved by the Planning Secretary on 6 February 2025 however subsequently Table 5.2 in the document was identified as requiring further edits in relation to three Construction Environmental Management (CEMP) Sub-plans. The updated CEMF has been submitted to the Planning Secretary for approval under condition C1 of SSI-10035

I note the updated CEMF:

- contains amendments to Table 5-2 to detail that Planning Secretary review and approval is not required for the following CEMP Sub-plans:
 - Air Quality Management Sub-plan,
 - Waste and Resource Sub-plan, and
 - Odour Management Strategy;
- has been endorsed by the ER; and
- continues to contain the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Construction Environmental Framework (revision 00, dated 13 March 2025).

You are reminded that if there are any inconsistencies between the CEMF and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website in accordance with condition B15 at the earliest convenience.

If you wish to discuss the matter further, please contact Sarah Kamarudin at sarah.kamarudin@dpie.nsw.gov.au.

Yours sincerely

A handwritten signature in black ink, appearing to be 'GR' followed by a stylized flourish that extends to the right.

Grant Rokobauer
Acting Director
Infrastructure Management

As nominee of the Planning Secretary
