Dear Mr Hodgson

**Sydney Metro West Stage 1 (SSI 10038)
Overarching Construction Traffic Management Plan (Phase A)**

I refer to the Overarching Construction Traffic Management Plan (OCTMP) which was submitted to the Department for information for the Power Enabling Works (Phase A) in accordance with Condition D85 of CSSI 10038.

I note that the OCTMP is a top-level traffic management document and a further four (4) CTMPs for Phase A have been submitted to the Department that link to this overarching plan.

I also note that the OCTMP:

- has been reviewed by Sydney Metro and no issues have been raised
- has been prepared in accordance with Sydney Metro's Construction Traffic Management Framework (2020)
- contains the information required in the conditions of approval.

You are reminded that if there is any inconsistency between the OCTMP and the conditions of approval, then the requirements of the conditions will prevail.

If you wish to discuss the matter further, please contact Grant Brown at grant.brown@dpie.nsw.gov.au

Yours sincerely
