Subject: WTP Construction Traffic Management Plan – Project Wide for Sydney Metro West (Condition D85 of SSI 10038)

Dear Mr. Armstrong,

I refer to your submission, the Construction Traffic Management Plan (CTMP) for the Western Tunnelling Package (WTP) Project Wide (dated 23/05/22). I also acknowledge your response to the Department's review comments and request for additional information.

I note the Project Wide CTMP:

- Has been prepared in consultation with City of Parramatta Council;
- Has been reviewed by Sydney Metro and no issues have been raised with the Department; and
- Contains the information required by the conditions of approval.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions of approval (SSI-10038). Any additional heavy vehicle routes not detailed in the EIS will require separate approval.

You are reminded that if there are any inconsistencies between the approved document and the conditions of approval, the conditions prevail.

As nominee of the Planning Secretary, I accept the Project Wide Construction Traffic Management (CTMP) for the Western Tunnelling Package (WTP) (dated 23/05/22) under Condition D85.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Ellena Tsanidis at ellena.tsanidis@planning.nsw.gov.au.

Yours sincerely

Grant Brown

A/Team Leader - Rail
Infrastructure Management

As nominee of the Planning Secretary
