Subject: Five Dock Heavy Vehicle Local Road Report for Sydney Metro West (D86 of SSI-10038)

Dear Mr Armstrong,

I refer to your submission dated 23 August 2022, requesting approval of the Five Dock Heavy Vehicle Local Road Report (HVLR) (revision 4, dated 29 August 2022). I also acknowledge your response to the Department's review comments and requests for additional information.

I note the Five Dock HVLR:

- has been prepared in consultation with City of Canada Bay Council;
- has been reviewed by Sydney Metro and no issues have been raised with the Department;
- has been independently reviewed by a road safety auditor; and
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve use of the specific additional local roads as set out in the Five Dock HVLR, East Street and Henry Street, to directly access the site under Condition D86.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval prevail.

Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Ellena Tsanidis at ellena.tsanidis@planning.nsw.gov.au.

Yours sincerely
