**Subject: Sydney Metro West – Phase H2 Five Dock – Construction Parking and Access Strategy Report (CPAS)**

---

---

Dear Ryan,

Thank you for submitting the Construction Parking and Access Strategy (CPAS) Rev B, dated 12 September 2025 for the Sydney Metro West – Five Dock Power Enabling Works Project through the NSW Major Projects Portal, which has been prepared to address Condition D92 of SSI-10038.

The Department has reviewed the document and notes that it:

- provides appropriate baseline parking surveys, impact analysis, and mitigation measures;
- demonstrates arrangements to maintain pedestrian, cyclist and vehicle access, including emergency access, during construction; and
- has been submitted in accordance with the required timeframes prior to construction impacts.

Accordingly, as nominee of the Planning Secretary, I approve the CPAS Rev B, 12 September 2025 under Condition D92 of SSI-10038.

You are reminded that if there are any inconsistencies between the CPAS and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss this matter further, please contact Adam Iskander at [adam.iskander@dpi.nsw.gov.au](mailto:adam.iskander@dpi.nsw.gov.au)

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Sifa', with a long horizontal flourish extending to the right.

Sifa KC  
Acting Team Leader – Rail Unit  
Infrastructure Management

**As Nominee of the Planning Secretary**
