

19 July 2021

The Manager  
Department of Planning, Industry & Environment  
Locked Bag 5022  
Parramatta NSW 2124

Attention: Iwan Davies

**SSI-10040 – DRAFT APPROVAL - PROJECT ENERGY CONNECT (NSW – WESTERN SECTION)**

I refer to your correspondence regarding the subject Application which was referred to Transport for NSW (TfNSW) for assessment and comment.

TfNSW has reviewed the draft consent for the subject project and provides the following comments for consideration:

- These comments are made on the basis that the mitigation measures as outlined in previous documentation supplied by the proponent, particularly those referred in previous correspondence from TfNSW, are complied with as amended by the comments raised in the previous submissions from TfNSW;
- The submission from TransGrid dated 2 July 2021 acknowledges previous commitments as provided in mitigation measure TA1 that the design of the site access/egress points would be agreed with the relevant roads authority and would be designed in accordance with the Traffic Control at Worksites, Austroads Guide to Road Design and Austroads Guide to Traffic Management, and approved by the relevant roads authority;
- TfNSW notes proposed Conditions D33 to D38 relating to Traffic and Transport refer the development of a number of plans relating to traffic movement and future works on the road network that are to be finalised in consultation with the relevant road authority;
- TfNSW also notes proposed conditions A7, A8, and A11.

Transport for NSW has no objection to the draft development consent subject to consideration of the above comments.

Any enquiries regarding this correspondence may be referred to Maurice Morgan, TfNSW (South Region), phone (02) 6923 6611.

Yours faithfully

Maurice Morgan  
Team Leader, Development Services South
