Development Details

Project Info

Project Name	Wilcannia Weir Replacement
Industry	Water and Telecommunications
Development Type	Water supply & management
Capital Investment Value (excl GST)	AUD62,695,428.00
Indicative Operation Jobs	1
Indicative Construction Jobs	20

Description of Development

Wilcannia Weir is located on the Darling River beside the township of Wilcannia. Originally constructed in 1942 to provide a more reliable town water supply, it remains the primary source of water supply for the town. The weir is in a state of declining condition and functionality and poses a significant risk to the long term town water supply security. The project proposes the construction and operation of a new weir and the demolition and decommissioning of the existing Wilcannia Weir.

Staged Infrastructure

Are you intending to submit a Concept Application?

No
