Dear Mr Smith,

I refer to your submission, dated 10 October 2022, of the Western Sydney Airport Metro Staging Report, Revision 7, dated 30 September 2022 (the staging report).

I note the amendments within the staging report are limited to:

- Changes to the arrangements for non-Aboriginal heritage management for the SBT package in line with the previously approved risk assessment;
- Minor changes to the allocations for the St Marys footbridge works; and
- Minor typographic corrections and changes.

I further note the staging report has been endorsed by the ER.

You are reminded that if there are any inconsistencies between the staging report and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.
