Dear Mr Smith,

I refer to the Construction Environmental Management Plan, including Air Quality procedure (Rev 2) and Construction Flora and Fauna Sub-Plan (Rev 1) (the documents) submitted in accordance with Condition A32(e) of SSI-10051. These documents and the associated Environmental Representative (ER) endorsement letters are provided for information per the SMWSA Staging Report (Rev 7).

I note the documents:

- have been reviewed by Sydney Metro and no issues have been raised with the Department;
- have been endorsed by the ER; and
- contain the information required by the conditions of approval.

You are reminded that if there are any inconsistencies between the documents and the conditions of approval, the conditions prevail. Please ensure you make the documents publicly available on the project website at the earliest convenience.
