Dear Mr Chapman

**Sydney Metro - Western Sydney Airport (SSI-10051)  
Condition E103: Overarching Construction Traffic Management Plan**

I refer to the Overarching Construction Traffic Management Plan (OCTMP), revision C, dated 24 January 2022 which was submitted to the Planning Secretary for information in accordance with condition E103 of SSI-10051.

I note that the OCTMP (revision C) relates to the *Advanced and Enabling Works – Installation and Commissioning of Power* and:

- has been reviewed and approved by Transport for NSW,
- has been developed in consultation with the relevant Councils, and
- has been prepared in accordance with the conditions of approval.

You are reminded that if there is any inconsistency between OCTMP, revision C, dated 24 January 2022 and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that the OCTMP is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Scott Cooper at [scott.cooper@planning.nsw.gov.au](mailto:scott.cooper@planning.nsw.gov.au).

Yours sincerely
