Subject: Western Sydney Airport – Operational Noise and Vibration Review for Public Use (ONVR)

Dear Mr Chapman,

Thank you for submitting the Operational Noise and Vibration Review (ONVR) for Public Use, prepared by Parklife Design, Document Reference No. SMWSASSM-PLD-SWD-SW000-NV-RPT-000004, Version 02, dated 10 March 2026 on 12 June 2026. Thank you for your response to our request for additional information.

I note the ONVR:

- Has been prepared in consultation with external stakeholders
- Provides suitable objectives and levels for surrounding development
- Details operational noise and vibration predictions based on the expected final design
- Identifies sensitive land uses
- Identifies mitigation measures
- Includes a consultation strategy to seek feedback including complaints management
- Has been verified by an independent acoustic expert

Accordingly, I approve the ONVR under Condition E58 of SSI 10051 as nominee of the Planning Secretary.

If there are any inconsistencies between the document and the conditions of approval, the conditions prevail.

Please make the document and this letter publicly available on the project website as soon as possible.
