Subject: Heavy Vehicles on Local Roads Request for the St Marys Station Box Works as part of the Western Sydney Airport Metro Project (Condition E105 of SSI 10051)

Dear Mr Slattery,

I refer to your submission dated 8 July 2022, requesting approval of the Heavy Vehicles on Local Roads Request for the St Marys Station Box Works, Revision B.01 dated 15 June 2022 (the HVLR). I also note that you have provided a copy of the St Marys Demolition Works Construction Traffic Management Plan for information with the HVLR.

I note the HVLR:

- Was prepared in consultation with Penrith City Council and the TTLG;
- Reviewed by Sydney Metro and no issues have been raised with the Department;
- Endorsed by Raj Muthusamy, a Level 3 Road Safety Auditor; and
- Contain the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the HVLR under Condition E105.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval prevail.

Please ensure you make the document and this approval letter publicly available on the project website.

If you wish to discuss the matter further, please contact Grant Rokobauer at grant.rokobauer@dpie.nsw.gov.au.

Yours sincerely

A handwritten signature in black ink, appearing to read 'G. Brown', with a long horizontal flourish extending to the right.
