Biodiversity Credits, Condition E8

Dear Ms Hargreaves

I refer to your biodiversity credit evidence submitted to the Planning Secretary to demonstrate compliance with condition E8 of SSI-10053.

I note the evidence:

- was reviewed by the Applicant, and no issues were raised to the Department;
- includes the retirement of biodiversity credits as required under conditions E5 and E7;
- includes documentation of payment to the Biodiversity Conservation Fund as required under condition E6; and
- has been submitted to the Department prior to any impact on the species or community to be offset.

Accordingly, as nominee of the Planning Secretary, I acknowledge that the Biodiversity Credit evidence has been provided to the Department as per condition E8 of SSI-10053.

Please note that if there are any inconsistencies between the submitted evidence and the conditions of approval, then the conditions will prevail.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely
