11 December 2025

Attention: Ian Irwin, Environment Manager

Subject: **Inland Rail Albury to Illabo (SSI - 10055)** Construction Traffic, Transport and Access Mitigations Report
Stage C - Wagga Wagga E137

Dear Mr. Irwin

I refer to your submission requesting approval of the Construction Traffic and Transport Mitigations Options Report (CTTAMR) Stage C, revision 0 date 6 November as required by condition E137.

I note the CTTAMR has been developed:

- in consultation with Transport for New South Wales, and Wagga Wagga City Council; and,
- by a qualified traffic engineer.

While the CTTAMR describes the traffic mitigation and management measures that will be employed in Wagga Wagga for the duration of the Edmondson Street bridge reconstruction, Section 7.1.1 is unclear in regard to whether and where the portable CCTV cameras will be maintained during the bridge reconstruction. To ensure clarity, I issue a direction to update the CTTAMR to include those details

Accordingly, as nominee of the Planning Secretary, I approve the Construction Traffic, Transport and Access Mitigations Report (CTTAMR) Stage C dated 6 November 2025 subject to the Planning Secretary's direction provided in Attachment 1. Please note that this approval does not affect your requirement to obtain any necessary separate regulatory approval to maintain the Wagga Wagga traffic mitigation measures for the duration of the Edmondson Street bridge reconstruction.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Scott Cooper, Senior Planning Officer, or myself.

Yours sincerely

Alexander Scott

Director

Freight Assessments

As nominee of the Planning Secretary

Attachment 1

Planning Secretary's Direction

As nominee of the Planning Secretary, I direct Inland Rail Pty Ltd as follows in Table 1:

Table 1: Directions

	Direction
1	You must provide an updated Construction Traffic, Transport and Access Mitigation Report (CTTAMR) detailing the location of all temporary CCTV cameras used for traffic monitoring for the duration of the Edmondson Street bridge reconstruction and the consultation processes for changing those camera locations by 31 January 2026. The updated CTTAMR will be subject to approval by the Planning Secretary.
2	You must provide evidence of consultation with Wagga Wagga City Council and Transport for NSW in relation to the updated CTTAMR by 31 January 2026.
