Subject: Inland Rail Albury to Illabo (SSI - 10055) Construction Traffic and Transport Management Plan – Junee Precinct Traffic Management Plan Stage A condition C6 and C8

Dear Mr. Clark

I refer to your submission dated 27 February 2025, requesting approval of the Junee Precinct Traffic Management Plan (JPTMP) Stage A revision 0, dated 20 March 2025 as required by Conditions C6 and C8. I also acknowledge your response to the Department's review comments and request for additional information.

I note the JPTMP:

- has been developed in consultation with Transport for New South Wales, and local councils,
- has been developed by an experienced traffic engineer;
- is a subplan of the CTTAMP and applies only to Stage A works in Junee.

As nominee of the Planning Secretary, I approve the Junee Precinct Traffic Management Plan Stage A revision 0. The Department reminds you that an updated JPTMP for stage B must be developed and approved prior to stage B works commencing.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Scott Cooper at scott.cooper@planning.nsw.gov.au.

Yours sincerely

Alexander Scott
