Subject: Inland Rail Albury to Illabo (SSI - 10055) Condition C16 Construction Environmental Management Framework

Dear Mr. Clark

I refer to your submission dated 20 November 2024, requesting approval of the Construction Environmental Management Framework (CEMF), revision 3, dated 3 December 2024 as required by condition C16. I also acknowledge your response to the Department's review comments and request for additional information.

I note the CEMF:

- has been reviewed by proponent and no issues have been raised with the Department;
- has been endorsed by the ER; and
- contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the CEMF, revision 3, dated 3 December 2024.

You are reminded that if there are any inconsistencies between the CEMF and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Max Obiakor at max.obiakor@planning.nsw.gov.au.

Yours sincerely
