Subject: Condition A15 – notification of commencement of construction

Dear Wayne,

Please see the following notification with regards to the Hunter Power Project (Kurri Kurri Gas-Fired Power Station) development, Application Number SSI-12590060, condition of approval A15.

Commencement of construction of the development is anticipated to commence on or after the 23rd of February.

Minor pre-construction and preliminary works identified in the approval such as road dilapidation surveys, installation of fencing, geotechnical drilling and surveying are also underway, with communication of the management plans approved to date under the Infrastructure Approval being progressively communicated to the contractor.

I appreciate your support to date, and please get in touch with Ian Smith on 0409 840 165 / ian.smith@snowyhydro.com.au if you have any questions.

Your Sincerely,

Dean Thomson
General Manager - Investment and Strategy
