

Brian Connellan  
Environmental Assessment Advisor  
Australian Pipeline Limited  
121 Wharf Street  
Spring Hill, QLD, 4000

02/02/2022

Dear Mr. Connellan

**Moomba to Wilton Pipeline (SSI-15548591)  
Hazard and Operability Study**

I refer to the Hazard and Operability Study submitted in accordance with Condition B1(a) of Schedule 2 of the Infrastructure Approval for the Moomba to Wilton Pipeline (SSI-15548591).

The Department has carefully reviewed the document and is satisfied that it was prepared in accordance with HIPAP 8, it clearly identified all the HAZOP components and provided comments to be considered in the vendor package HAZOP. All the actions have been clearly reported with responsible person assigned.

Accordingly, the Secretary has approved the Hazard and Operability Study (Revision 1, dated 13 May 2021) for Stage 1 (Compressor Station MW880). Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Wayne Jones on (02) 6575 3406.

Yours sincerely

A handwritten signature in black ink, appearing to be 'S O'Donoghue'.

Stephen O'Donoghue  
Director Resource Assessments

As nominee of the Secretary
