01/03/2023

**Subject: Sydney Metro West – Stage 2 (SSI-19238057)
Phasing Report, Version 2.0**

Dear Mr Stypel,

I refer to the Sydney Metro West – Stage 2 Phasing Report Version 2.0, dated February 2023 (the Phasing Report), submitted to the Department of Planning and Environment (the Department). I acknowledge receipt of this report under Condition A14 of SSI-19238057.

I note the Phasing Report:

- has been updated for Phase G2;
- has been reviewed by Sydney Metro and no issues have been raised with the Department;
- contains the information required by the conditions of approval; and
- endorsed by the Environmental Representative.

I also note that the Phasing Report now includes the risk ratings for Phase G2 where the following plans are to be submitted to the Planning Secretary for approval:

- Construction Heritage Management Plan (CHMP);
- Construction Spoil Management Plan (CSMP); and
- Construction Noise and Vibration Management Plan (CNVMP).

The Department has reviewed the Phasing Report and, as nominee of the Planning Secretary, I agree that Phase G2 of the project may be undertaken in accordance with the Phasing Report.

You are reminded that if there are any inconsistencies between the Phasing Report and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Leanne Mariani on leanne.mariani@dpie.nsw.gov.au.

Yours sincerely
