

Determination under section 7.9(2) of the Biodiversity Conservation Act 2016

I, Louisa Clark, Acting Director Greater Sydney, of the Department of Planning, Industry and Environment, under section 7.9(2) of the *Biodiversity Conservation Act 2016*, determine that the proposed development is not likely to have any significant impact on biodiversity values and therefore a Biodiversity Development Assessment Report is not required.

Proposed development means the development as described in DOC21/949709 and Schedule 1. If the proposed development changes so that it is no longer consistent with this description, a further waiver request is required.

9/11/2021

Louisa Clark
Acting Director
Greater Sydney
Environment, Energy & Science Group

Date

SCHEDULE 1 – Description of the proposed development

Sydney Metro West - Rail infrastructure, stations, precincts and operations, including:

- Fit-out of tunnels including rail systems for metro train operations.
- Construction, fit-out and operation of:
 - metro station buildings and the surrounding metro precincts
 - services facilities and traction substations
 - a control centre, test track and stabling and maintenance facility at Clyde.
- Provisions for over and/or adjacent station development at relevant stations
- Rail interchange support works, including work to the existing T1 Western Line at Westmead and T9 Northern Line at North Strathfield
- Transport network modifications such as new interchange facilities and changes to public transport networks to serve metro stations
- Subdivision of sites
- Operation and maintenance of the Sydney Metro West line.

This proposal is preceded by the approved SSI for the concept plan and major civil construction work for Sydney Metro West between Westmead and The Bays (application number SSI-10038). Additional direct impacts are anticipated across several station sites under this proposal as identified in the station site plans below.
