Subject: HumeLink West – B37 Request – Mates Gully Road and AC03 Intersection

Dear Mr Roberts

I refer to your request under condition B37 of the approval for the HumeLink project (SSI-36656827) for an alternative intersection treatment at the access point to AC03 (Tarcutta Accommodation Camp) from Mates Gully Road. I note that you are requesting to provide a CHR intersection treatment without a CHL. I also acknowledge your response to the Department's review comments and requests for additional information.

I note that:

- You are proposing to use only part of Mates Gully Road, namely between the AC03 access point and the Hume Highway,
- Wagga Wagga City Council has agreed to these revised works, and
- Transgrid has agreed to this approach and no issues have been raised with the Department.

To ensure that the intersection functions as intended and to discourage the use of Mates Gully Road between the AC03 access point and the Sturt Highway, I issue the following additional requirement under Condition A3(a) of SSI 36656827 as nominee of the Planning Secretary:

Requirement 1: The CHR intersection into AC03 must be suitably line marked to reflect that the left turn into the site is not permitted.

Accordingly, as nominee of the Planning Secretary, and in accordance with Condition B37, I agree that a CHR only intersection treatment may be provided on Mates Gully Road at the access point to AC03.

Please ensure you make this letter publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Grant Rokobauer, Acting Team Leader Transmission Post Approval.

Yours sincerely

Rebecca Eddington
Director Transmission Post Approval

As nominee of the Planning Secretary
