Subject: Central-West Orana REZ Transmission – B32 Request for increased light vehicle numbers on Barigan Road

Dear Mr Fisher

I refer to your letter dated 30 April 2026, requesting the Planning Secretary's agreement to increase construction-related light vehicle movements on Barigan Road, Wollar, in accordance with Schedule 2, Condition B32 of the approval for the Central-West Orana REZ Transmission project (SSI-48323210).

The Wollar Transport Strategy (SSI-48323210-PA-48) (The Strategy) was prepared as required under Condition B31 and in accordance with approved staging of Transport Strategies (SSI-48323210-PA-54). The Strategy includes road upgrades required for commencement of site establishment at the Barigan Creek Switching Station, and includes mitigation measures limiting heavy and light vehicle traffic on Barigan Road.

I note that the letter:

- Has been prepared in consultation and with agreement from Mid-Western Regional Council (MWRC), the relevant road authority
- Seeks to update the mitigation measures in the approved Wollar Transport Strategy (Revision 5, dated 11 September 2025)
- Proposes to increase the maximum daily light vehicle movements for Barigan Road by 36 vehicles to accommodate Transgrid/Zinfra works to facilitate the Barigan Creek Switching Station connection construction and commissioning works
- Details that the increase is only for vehicles related to the Transgrid/Zinfra works.

Accordingly, as nominee of the Planning Secretary and in accordance with Condition B32 of the Approval, I agree to the increase in light vehicle movements on Barigan Road as detailed in letter (Dated 30 April 2026), noting that the increase is only for vehicles associated with Transgrid/Zinfra construction works.

If you wish to discuss the matter further, please contact Tom Minchin, Team Leader Transmission Post Approval.

Yours sincerely

A handwritten signature in black ink, appearing to be 'RE' followed by a stylized flourish.
