

**Transport  
for NSW**

1 June 2020

Reference Number: SSI-4951

The Secretary  
Department of Planning, Industry and Environment  
GPO Box 39  
Sydney NSW 2001

Attention: Mr Jake Shackleton

Dear Secretary

**Windsor Bridge Replacement Project (SSI-4951) – Alternate Environmental Representative, Condition D14**

Transport for NSW formally requests approval from the Department of Planning, Industry and Environment (DPIE) to engage Susannah Price as Alternate Environmental Representative for the Windsor Bridge Replacement Project. Susannah will replace Peter Moran who has accepted a role with Transport for NSW. Mr Cameron Weller will remain an alternate Environmental representative.

Transport's request is made with regard to Condition D14 of the Infrastructure Approval.

Susannah Price is independent to the design and construction personnel, and had no previous role on the Project. Susannah's curriculum vitae is attached for your consideration.

Should you require further information feel free to contact me at [graham.standen@rms.nsw.gov.au](mailto:graham.standen@rms.nsw.gov.au) or 0421 044 177.

Yours sincerely

A handwritten signature in black ink, appearing to read 'G Standen'.

**Graham Standen**  
Senior Project Manager

## PROJECT MANAGER – SUSANNAH PRICE

### PROJECT EXPERIENCE

#### TECHNICAL SUPPORT FOR ENVIRONMENTAL REPRESENTATIVE ROLES

Susannah has worked as technical support for the Independent Environmental Representative (ER) role, or equivalent, for the following large infrastructure (road and dam) projects:

- Albion Park Rail Bypass (2017 – Ongoing)
- Windsor Bridge Replacement Project (2016 – Ongoing)
- Foxground & Berry Bypass (2014 – 2019)
- Northern Beaches B-Line Program (2016 – 2018)
- King Georges Road Interchange Upgrade (2013 – 2017)
- M3 West Expansion (2012 – 2014)
- Hume Highway Bypasses of Tarcutta, Holbrook & Woomargama (2009 – 2013)
- Enlarged Cotter Dam Project (2009 – 2013)

In her role providing technical support for the ER, she undertook regulatory compliance assessments and assisted with independent review of environmental management plans and associated documents required under project approvals. She also assisted with environmental audits and helped achieve best-practice environmental outcomes from a regulatory perspective.

#### AUDIT TEAM MEMBER

Susannah has worked within audit teams undertaking a variety of environmental audit projects including the following:

- Sector environmental auditing program in accordance with ISO 14001 and the Australian Defence Organisation Defence Environmental Management System (Spotless Defence Services)
- Waste management practices and energy consumption audits for various facilities located in north-east Victoria. Works included assessment of on-site practices, review of Environmental Management Plans (EMPs) and associated records and interviews with site personnel to assess compliance with EMPs (Victorian Department of Sustainability & Environment, now Sustainability Victoria)
- Audit of environmental risks associated with the presence of fuelling facilities at various locations across Kosciuszko National Park. Works included desk and field-based assessment of fuelling sites and preparation of reports to assess potential environmental risk associated with sites (NSW National Parks)

#### CONTAMINATED SITE ASSESSMENTS AND ENVIRONMENTAL PROTECTION LICENCE COMPLIANCE

Susannah has completed numerous preliminary and detailed contaminated site assessments for industrial, commercial and residential sites across southeastern Australia. She has also worked as part of a team to provide Statutory Environmental Audits in accordance with state and national guidelines.

She has also been responsible for working directly with industry to provide information regarding Environmental Protection Licence compliance.
