**Pacific Highway Upgrade, Woolgoolga to Ballina Project (SSI-4963): Sections 3-11
Ministers Condition of Approval D8 Threatened Species Management Plans.**

Dear Shelley,

I refer to the Planning Approval SSI-4963 dated 24 June 2014 for the Pacific Highway Upgrade, Woolgoolga to Ballina (W2B).

In accordance with Ministers Condition of Approval (MCoA) D8, Transport for NSW (TfNSW) have prepared and implemented a W2B microbat management plan (Sections 3-11). As part of the implementation of this plan, TfNSW undertook monitoring during 2017 & 2018.

TfNSW is submitting the W2B Sections 3-11 microbat monitoring report 2018.

As required by the MCoA, a copy of this report will be uploaded on our project website and provided to the Environment Protection Agency.

Should you require any further information, please contact Shayne Walker on 66401092.

Yours sincerely

Greg Nash
Project Director Woolgoolga to Ballina
Northern Project Office
