Subject: Billabong Creek EWR - Unexpected Heritage Finds

Dear Mr Ball

I refer to the Unexpected Heritage Finds and Human Remains Procedure (*Unexpected heritage find procedure*) submitted in accordance with condition E21 Part E of the approval for the Billabong Creek Environmental Water Regulators (SSI-50831979).

I note the Procedure:

- has been prepared by a suitably qualified and experienced heritage specialist in consultation with Heritage NSW and the Heritage Council of NSW
- in accordance with guidelines and standards prepared by the Heritage Council of NSW and Heritage NSW
- includes the requirement to register any newly identified Aboriginal objects or sites in the Aboriginal Heritage Information Management System (AHIMS) database
- contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Procedure (2024 09 EMF-PCD Unexpected heritage find procedure, February 2026).

You are reminded that if there are any inconsistencies between the procedure and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Benjamin Cox on 02 9995 6524.

Yours sincerely
