Subject: Billabong Creek EWR (SSI-50831979) - Approval of Ancillary Facility Site Establishment Management Plan (Condition C1)

Dear Mr Ball

I refer to the Ancillary Facility Site Establishment Management Plan submitted in accordance with Condition C1 of the approval for the Billabong Creek Environmental Water Regulators approval (SSI - 50831979).

I note the Ancillary Facility Site Establishment Management Plan:

- has been prepared in consultation with parties required to be consulted with;
- has been reviewed by DCCEEW and no issues have been raised with the Department;
- has been endorsed by the ER; and
- contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Ancillary Facility Site Establishment Management Plan (rev 3, dated 31 March 2026).

You are reminded that if there are any inconsistencies between the Plan and the conditions of approval, the conditions prevail.

Please also be advised that an ancillary facility established under this approval must not be used for construction until the CEMP and relevant CEMP Sub-plans have been approved by the Planning Secretary.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Sam Kelly on 02 9995 5733.

Yours sincerely

Benjamin Cox
Principal Planning Officer

As nominee of the Planning Secretary
