Project details

Title:  
Marine Finfish Research Lease Providence Bay, Port Stephens  
Applying for development consent in stages:  
no  
State Significance:  
Schedule 4 - State Significant Infrastructure

Description:

The principal objective of the proposed aquaculture research lease is to provide the opportunity for NSW DPI and research partners to extend successful marine hatchery research to its next stage in an offshore sea cage trial. It is proposed that the trial will operate for five years to validate the commercial potential of species, trial cage farming infrastructure and undertake environmental monitoring. The proposed site is a 20 hectare area within Providence Bay off Port Stephens, approximately 3 km directly east of Hawk Nest Golf Club and 4 km east northeast of the township of Hawks Nest
