Subject: Narrabri Lateral Pipeline SSI-53307723

Hi Rose-Anne

As discussed, Mining, Exploration and Geoscience (MEG) notes that the DPE has issued SEARs for this State Significant Infrastructure (SSI) and Critical State Significant Infrastructure (CSSI) proposal.

MEG would like the opportunity to comment on the pipeline alignment as part of the environmental assessment process.

During the preparation of the Environmental Impact Statement the Proponent is requested to consult with MEG to ensure mining title considerations are addressed.

In addition, the Proponent is requested to provide MEG with a shape (shp) file of the proposed pipeline alignment.

The Mining Concierge can be contacted on mining.concierge@regional.nsw.gov.au or please contact me on 0499 944 780.

Thank you and regards
Scott

We stand on Country that always was and always will be Aboriginal land. We acknowledge the Traditional Custodians of the land and waters, and we show our respect for Elders past, present and emerging. We are committed to providing places in which Aboriginal people are included socially, culturally and economically through thoughtful and collaborative approaches to our work.
