

3 Submissions received

3.1 Respondents

Submissions in response to the Environmental Impact Statement (EIS) were accepted by the NSW Department of Planning and Environment (DP&E) during the public exhibition period.

The period ran for a period of 55 days between 9 September and 2 November 2015. Submissions were accepted via:

- Electronic submission (online) – www.majorprojects.planning.nsw.gov.au
- Email – plan_comment@planning.nsw.gov.au
- Post – Major Projects Assessment, NSW Department of Planning and Environment, GPO Box 39, Sydney, NSW, 2001.

A total of 4,920 submissions were received in response to the EIS. The submissions were received from 4,840 submitters, as summarised in **Table 3.1**.

Table 3.1 Summary of submissions received

Submission group type	Number of separate submitters ¹
Community and other key stakeholders	4,824
State government agencies	9
Local councils	7
Total	4,840

Note: 1. Certain submitters withheld their identity and therefore may be counted more than once.

3.2 Overview of the issues raised

Upon receipt of each submission from DP&E, the submission is examined in detail to understand the issues being raised. Issues in each submission are then extracted and collated, with responses provided to each issue raised. Where an issue has been raised by multiple submissions, these have been consolidated into one issue with a single response then provided. The review process was undertaken to ensure that no specific issues raised were lost in the consolidation of issues. In some cases, certain sections of submissions received were redacted by DP&E prior to the submissions being provided to the proponent for analysis and response.

Submission authors excluding agencies, councils and other key stakeholders have not been identified in this report. Submissions authors have instead been assigned a stakeholder identification number. Letters have been sent to each submission author (where contact details have been provided) to advise the author of their unique stakeholder identification number and the availability of this report. Approximately 213 submission authors selected not to disclose their contact information, therefore these individuals have not received a letter.

Appendix A of this report includes a table which identifies where the issues raised by submission authors are addressed in this document.

3.2.1 Government agencies and corporations

Nine government agencies; being the NSW Chief Scientist and Engineer, NSW Department of Primary Industries, NSW Environment Protection Authority, Fire and Rescue NSW, NSW Health, Sydney Olympic Park Authority, NSW Office of Environment and Heritage, Heritage Council of NSW, and Sydney Water Corporation made submissions during the public exhibition of the EIS. The submissions are responded to in **Chapter 4** (Response to key stakeholders) of this report.

NSW Chief Scientist and Engineer

The NSW Chief Scientist and Engineer endorsed the EIS, stating that it constitutes a high quality and thorough review, with suitable detailed information presented in a logical order.

The NSW Chief Scientist and Engineer also raised a number of queries regarding the air quality impact assessment including model selection and methods.

NSW Department of Primary Industries

The NSW Department of Primary Industries raised issues regarding groundwater, including groundwater take, drawdown and monitoring, and concerns regarding impacts on watercourses and waterfront land.

NSW Environment Protection Authority

The NSW Environment Protection Authority raised issues across a range of topics including:

- Noise and vibration – including noise monitoring and mitigation
- Air quality – including model inputs and assessment method
- Water quality – including erosion and sediment control requirements.

Fire and Rescue NSW

Fire and Rescue NSW requested consultation regarding conditions of approval.

NSW Health

NSW Health raised issues across a range of topics including:

- Air quality – including validation of the model
- Noise and vibration – including potential construction and traffic noise
- Socio-economic impacts – including population projections used in modelling.

Heritage Council of NSW

The Heritage Council of NSW raised a range of issues regarding non-Aboriginal heritage including Ashfield Park, the Haberfield heritage conservation area, the State-listed Yasmar, and various other heritage items.

Sydney Olympic Park Authority

Sydney Olympic Park Authority raised issues across a range of topics including:

- Project description – including eastbound off-road cycleway and proposed landscaping
- Groundwater – including additional modelling.

NSW Office of Environment and Heritage

The Office of Environment and Heritage raised issues across a range of topics including potential impacts to threatened flora species and microbats.

Sydney Water Corporation

Sydney Water Corporation raised a number of issues including:

- Water and wastewater infrastructure within and outside of the project footprint
- Protection of Powells Creek to support naturalisation works by Sydney Water Corporation
- Pollution from construction and operation.

3.2.2 Local councils

The project is located in the local government areas of Auburn, Strathfield, Canada Bay, Burwood and Ashfield. A detailed list of issues raised in the submissions received from local councils and the respective responses are found in **Chapter 4** (Response to key stakeholders) of this report.

Ashfield Council

Ashfield Council raised issues across a range of topics including:

- Non-Aboriginal heritage – including impacts on the Haberfield heritage conservation area
- Traffic and transport – including construction and operation phase impacts
- Noise and vibration – including assessment method
- Air quality – including assessment method and operational impact
- Human health – including assessment method
- Urban design and visual – including location of Wattle Street interchange.

Burwood Council

Burwood Council raised issues across a range of topics including:

- General support for the project
- Land use – including tunnel alignment
- Land use – including subsurface acquisition impacts on basements.

Canada Bay Council

Canada Bay Council raised issues across a range of topics including:

- Traffic and transport – including construction parking
- Air quality – including emergency ventilation outlets
- Noise and vibration – including noise barriers and acoustic treatments
- Social and economic – including relocation of residents.

City of Sydney Council

City of Sydney Council raised issues across a range of topics including:

- Strategic context and need – including project justification
- Project development alternatives – including assessment method
- Traffic and transport – including assessment method
- Greenhouse gas – including emissions from vehicles
- Non-Aboriginal heritage – including Haberfield conservation area.

Leichhardt Council

Leichhardt Council raised issues across a range of topics including:

- Strategic context and need – including project justification
- Traffic and transport – including traffic modelling adequacy
- Air quality – including assessment method and operational details
- Biodiversity – including urban biodiversity and management.

Marrickville Council

Marrickville Council raised issues across a range of topic including:

- Traffic and transport – including traffic model method adequacy
- Air quality – including air quality model method
- Social and economic – including modelling methodology and assessment.

Strathfield Council

Strathfield Council raised issues across a range of topics including:

- Traffic – including car parking during construction
- Air quality – including air quality model method
- Noise and vibration – including noise management measures.

3.2.3 Community and other key stakeholders

A total of 4,824 submissions were received from the community. The issues raised by each submission vary, largely based on their location and also their particular interests in the project. Community groups are included in the list of community submissions.

Other key stakeholders who made a submission include the following:

- Peak groups and advisory organisations, including Environmental Justice Australia, NRMA, Nature Conservation Council of Australia, Public Health Association of Australia, Planning Institute of Australia
- Interest groups, including AIMS Elders, Australian Association for the Study of Peak Oil and Gas (ASPO Australia), Bicycle NSW, Bike Marrickville, Climate Change Balmain Rozelle, EcoTransit, Friends of Erskineville, The Glebe Society, The Haberfield Association Inc., The Ranch Conservation Area, Transport Action Central Coast, WestConnex Action Group, WestConnex Action Group (Beverly Hills), 10,000 Friends of Greater Sydney.
- Educational facilities (eg schools), including Dobroyd Point Public School, Haberfield Public School Parents and Citizens, The Infants' Home
- Hospitals and aged care facilities including Presbyterian Aged Care NSW & ACT
- Elected representatives (State and Federal) including Craig Laundy Member for Reid, Jo Haylen Member for Summer Hill, and, on behalf of the NSW Greens: Jenny Leong Member for Newtown; Jamie Parker Member for Balmain; and Mehreen Faruqi MLC.

Common issues

The following issues were most commonly raised in the submissions received:

- Strategic justification and project need
- Planning and statutory approval process
- Air quality
- Traffic and transport
- Project development and alternatives
- Socio-economic impacts
- Consultation
- Property and land use impacts
- Human health impacts
- Non-Aboriginal heritage.

Detailed discussion of the issues raised by the community and responses to these issues are located in **Chapter 5** (Response to community submissions). Stakeholder identification numbers and the relevant section of the report where each stakeholder's issues are addressed are provided in **Appendix A** of this report.

Petitions

Two petitions were received in response to the EIS:

- Petition 1 – containing 1,427 signatures on behalf of the NSW Greens: Jenny Leong Member for Newtown; Jamie Parker Member for Balmain; and Mehreen Faruqi MLC
- Petition 2 – containing 19 signatures organised on behalf of the residents of Wolseley Street, Haberfield.

Form letters

Large volumes of standardised letters were received during public exhibition of the EIS. In total 4,040 individual form letters were received in 49 varieties. **Table 3.2** outlines the submission numbers assigned to each form letter. Community members whose numbers are located in **Table 3.2** against a particular form letter number may use this form letter number to navigate **Appendix A**.

Where a submitter has provided additional comments within a form letter, those additional comments are represented by the submitter number (as opposed to the form letter number) and cross-referenced against the relevant responses in **Appendix A**.
