Subject: M7 Motorway Mod-6 Widening (SSI-663) - Heavy Vehicle Local Road Access - Derby Street, Wolseley Street, Station Street and North Parade, Rooty Hill (Condition D83)

Dear Mr Smit,

I refer to your Local Road Traffic and Pedestrian Impact Assessment – Derby Street, Wolseley Street, Station Street and North Parade, Revision J dated 26 September 2025 submitted to the Planning Secretary for approval under condition D83 of SSI-663. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the Local Road Traffic and Pedestrian Impact Assessment, Revision J:

- has been prepared in consultation with Blacktown City Council;
- has been reviewed by Transport for NSW (TfNSW) and no issues have been raised with the Department; and
- contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the use of the above local roads until 31 December 2025, as set out in Table 2 and Table 3 of the Local Road Traffic and Pedestrian Impact Assessment, Revision J, dated 26 September 2025, in accordance with condition D83 of SSI-663.

Please ensure you make the document publicly available on the project website in accordance with condition B11. As per condition D83, the Traffic, Transport and Access Management CEMP Sub-Plan is required to be updated following this approval. Further extensions to the use of the above local roads will require the Department's approval.

Please ensure that Blacktown City Council, local residents and businesses are informed of the approved local road usage, that measures are in place to minimise impacts for the duration of the works.

If there are any inconsistencies between the submitted documentation and the conditions of approval, the conditions prevail.

If you have any questions, please do not hesitate to contact Tanja Ibsen at tanja.ibsen@dpie.nsw.gov.au.

Yours sincerely
