Dear Mr Smit,

I refer to the Detailed Site Investigation (DSI) reports for Tranche 4 location (Bernera Road, Cowpasture Road, Future Access Road, Hinchinbrook Creek, Maxwell Creek 2, Rooty Hill Railway, Saxony Road, Waste Management Access and Woodstock Avenue) submitted in accordance with condition D69, Schedule 2 of SSI-663-Mod-6.

I note the DSI's:

- Have been reviewed and approved by a consultant certified under the Environment Institute of Australia and New Zealand's Certified Environmental Practitioner (Site Contamination) scheme (CEnvP(SC)) scheme; and
- Have been reviewed by TfNSW and no issues and have been raised with the Department.

The Department has carefully reviewed the documents and acknowledges the receipt of the DSI reports for the Tranche 4 locations (Bernera Road, Cowpasture Road, Future Access Road, Hinchinbrook Creek, Maxwell Creek 2, Rooty Hill Railway, Saxony Road, Waste Management Access and Woodstock Avenue) under condition D69 of SSI-663-MOD-6.

You are reminded that if there are any inconsistencies between the reports and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.
