

Mr Peter Hawkins
Project Development Manager
Regional Project Delivery – Transport for NSW
Level 6, 90 Crown Street
Wollongong NSW 2500

06/07/2021

Dear Mr Hawkins

**Albion Park Rail Bypass (SSI 6878)
Environmental Management System**

I refer to your submission dated 13 May 2021 requesting approval of the Environmental Management System (EMS) for Albion Park Rail Bypass – Stage 2 (Princes Motorway between Yallah and Oak Flats) under condition D2 of SSI 6878.

I note that the EMS:

- is independently certified to international standards ISO 14001:2016,
- is re-certified every three years, and audited on an annual basis;
- is the primary management system for TfNSW to manage and monitor environmental risks associated with the regional road network across New South Wales; and
- demonstrates continuous improvement to environmental performance and ongoing environmental compliance as required by the conditions of approval.

As nominee of the Planning Secretary, I approve the Environmental Management System under condition D2 of SSI 6878. Please ensure that the EMS and this approval letter are published on the project website in accordance with condition B11.

I remind you that the EMS must manage compliance with all relevant conditions of approval, and you must be able to clearly demonstrate compliance with these conditions if requested by the Department.

If you wish to discuss the matter further, please contact Lee McCourt at Lee.Mccourt@planning.nsw.gov.au.

Yours sincerely

Jake Shackleton
Director – Infrastructure Management

As nominee of the Planning Secretary
