Controlled Action under *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act)

Development in NSW can be subject to Commonwealth legislation, depending on the circumstances.

The Commonwealth Minister for the Environment and Water has decided that the proposed development – known as Mount Piper to Wallerawang Transmission Line Upgrade Project (2024/09855) for Commonwealth purposes – is a “controlled action” under the EPBC Act.

The EPBC Act Part 3, Division 1 controlled provisions are Sections 18 and 18A (listed threatened species and communities).

The proposed development (2024/09855) will be assessed under Part 5 of the *Environmental Planning and Assessment Act 1979*. The assessment will be in accordance with the Bilateral Agreement between NSW and the Commonwealth, made under the EPBC Act. The assessment will be done in the manner specified in Schedule 1 of the Bilateral Agreement. This means the project will be assessed against the requirements of both acts.
