OFFICIAL

Hi Tanja,

An application such as this one would benefit from including an Aviation Impact Statement (AIS) with the formal request for assessment given there are airport/helicopter landing sites nearby.

Please refer to the following link to our webpage for the information needed to submit an application:
[Developments at and around airports - Airservices \(airservicesaustralia.com\)](https://www.airservicesaustralia.com/developments-at-and-around-airports)

Please note that our process takes approximately 6 weeks to complete.

Note that the Wolgan Valley Heliport procedure is managed by Global Airspace Solutions, therefore you will need to also request an assessment from them also. GAS can be contacted by email: admin@globalairspace.com.

If you have any further queries, please let me know.

Kind regards,

Richard Tomlinson
