Subject: Aboriginal Cultural Heritage Reports (Conditions E20 of SSI 7127)

Dear Mr Gilham

I refer to your submission on 1 May 2022 of the Aboriginal Archaeological Salvage Excavation Reports to the Planning Secretary for information under Condition E20 of SSI 7127.

I note that the Reports were prepared in consultation with Registered Aboriginal Parties (RAPs) and, in general, meet the requirement of condition E19. Further, you will continue to work with the RAPs to secure a final repository for artefacts found during salvage.

Accordingly, as nominee of the Planning Secretary, I acknowledge receipt of the following documents under Condition E20 of SSI 7127:

Document name	Revision and date
The Northern Road Upgrade – Stage 4 Aboriginal Archaeological Salvage Excavation	rev 0.2, dated December 2020
The Northern Road Upgrade – Stage 5 Aboriginal Archaeological Salvage Excavation	rev 0.1, dated May 2021
The Northern Road Upgrade – Stage 6 Aboriginal Archaeological Salvage Excavation	rev 0.1, dated May 2021

You are reminded that if there is any inconsistency between the Reports and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please make the Aboriginal Archaeological Salvage Excavation Reports publicly available on the project website. If you wish to discuss the matter further, please contact Amy Porter on 93732853.

Yours sincerely

Lee McCourt  
Team Leader  
Infrastructure Management

As nominee of the Secretary
