<b>Executive summary</b>	i
<b>Introduction</b>	i
Key features of the project	ii
Project objectives	iv
The proponent	iv
Project need and benefits	iv
Construction program and major civil construction works	vii
Environmental assessment	vii
Community consultation	xiv
Project justification and conclusion	xv
Next steps	xvi
<b>1 Introduction</b>	<b>1</b>
<b>1.1 Secretary’s environmental assessment requirements</b>	<b>1</b>
<b>1.2 Overview</b>	<b>1</b>
<b>1.3 The metro rail network</b>	<b>2</b>
1.3.1 The three-tier rail network	2
1.3.2 Sydney Metro	2
<b>1.4 Overview of the project</b>	<b>5</b>
1.4.1 Location	5
1.4.2 Key features	5
<b>1.5 Structure of the Environmental Impact Statement</b>	<b>8</b>
<b>2 Planning and assessment process</b>	<b>11</b>
<b>2.1 Secretary’s environmental assessment requirements</b>	<b>11</b>
<b>2.2 NSW environmental planning approvals</b>	<b>12</b>
2.2.1 Critical State significant infrastructure	12
2.2.2 Planning approval process under Part 5.1 of the EP&A Act	13
2.2.3 NSW environmental planning instruments	13
<b>2.3 Other NSW legislation</b>	<b>18</b>
2.3.1 Approvals that would otherwise apply that would otherwise apply	18
2.3.2 NSW legislation that may still be applicable	19
<b>2.4 Commonwealth legislation</b>	<b>21</b>
2.4.1 Environment Protection and Biodiversity Conservation Act 1999	21
2.4.2 Native Title Act 1993	23
2.4.3 Disability Discrimination Act 1992	24
2.4.4 Disability Standards for Accessible Public Transport 2002	24
<b>2.5 Planning approvals process for over station development</b>	<b>24</b>

<b>3</b>	<b>Strategic need and justification</b>	25
<b>3.1</b>	<b>Secretary’s environmental assessment requirements</b>	25
<b>3.2</b>	<b>Sydney’s challenges</b>	25
3.2.1	Population and economic growth	25
3.2.2	Transport capacity and reliability	29
<b>3.3</b>	<b>Why Sydney Metro?</b>	35
<b>3.4</b>	<b>Key benefits of the Sydney Metro network</b>	36
3.4.1	Key transport benefits of the Sydney Metro Network	36
3.4.2	Key city building benefits	44
<b>3.5</b>	<b>Key benefits specific to the Chatswood to Sydenham project</b>	45
<b>3.6</b>	<b>Consistency with NSW strategic planning and policy framework</b>	48
3.6.1	State and Premier priorities	48
3.6.2	Sydney metropolitan planning strategy	48
<b>3.7</b>	<b>Consistency with NSW strategic transport infrastructure policy</b>	49
3.7.1	Rebuilding NSW: State Infrastructure Strategy 2014	49
3.7.2	NSW Long Term Transport Master Plan	50
3.7.3	Sydney’s Rail Future	51
3.7.4	Sydney City Centre Access Strategy	52
<b>3.8</b>	<b>Summary of strategic need and justification</b>	53
<b>3.9</b>	<b>Project objectives</b>	54
<b>4</b>	<b>Project development and alternatives</b>	55
<b>4.1</b>	<b>Secretary’s environmental assessment requirements</b>	55
<b>4.2</b>	<b>Overview of the project development process</b>	55
<b>4.3</b>	<b>Strategic alternatives</b>	55
4.3.1	Regulatory, governance and better-use reforms	56
4.3.2	Investment in road, bus and light rail	56
4.3.3	Rail network options	57
<b>4.4</b>	<b>Station location options</b>	60
4.4.1	Phase 1 – evaluation of long list station location options	60
4.4.2	Phase 2 – evaluation of short-listed station location options	62
4.4.3	Phase 3 – additional station options	65
<b>4.5</b>	<b>Alignment options</b>	70
4.5.1	Influences on the project alignment	70
4.5.2	Sydney CBD east or Sydney CBD west alignment	71
<b>4.6</b>	<b>Crossing of Sydney Harbour</b>	73
4.6.1	Aboveground options	73
4.6.2	Underground options	73
4.6.3	Sydney Harbour sediment ground improvement options	75

<b>4.7</b>	<b>Dive structures options</b> .....	77
4.7.1	Northern dive structure.....	77
4.7.2	Southern dive structure.....	80
<b>4.8</b>	<b>Consideration of alternatives during station design development</b> .....	81
4.8.1	Design development of Martin Place Station.....	81
4.8.2	Design development of Central Station.....	83
<b>4.9</b>	<b>Consequences of not proceeding with the project (do nothing)</b> .....	89
<b>5</b>	<b>Stakeholder and community engagement</b> .....	91
<b>5.1</b>	<b>Secretary’s environmental assessment requirements</b> .....	91
<b>5.2</b>	<b>Overview</b> .....	92
<b>5.3</b>	<b>Communication objectives</b> .....	92
<b>5.4</b>	<b>Consultation and engagement activities to date</b> .....	93
5.4.1	Stakeholder consultation June 2014.....	93
5.4.2	Project scope consultation and engagement June 2015.....	94
5.4.3	Industry consultation June 2015.....	96
5.4.4	Project update announcement November 2015.....	97
5.4.5	Industry consultation December 2015.....	98
5.4.6	Waterloo Station announcement February 2016.....	98
5.4.7	Blues Point temporary site.....	99
5.4.8	Marrickville dive site pre-cast facility April 2016.....	99
<b>5.5</b>	<b>Contact statistics</b> .....	100
<b>5.6</b>	<b>Stakeholder and community feedback</b> .....	101
<b>5.7</b>	<b>Future consultation and engagement</b> .....	112
5.7.1	Public exhibition of Environmental Impact Statement.....	112
5.7.2	Ongoing consultation and engagement activities.....	112
<b>6</b>	<b>Project description – operation</b> .....	115
<b>6.1</b>	<b>Secretary’s environmental assessment requirements</b> .....	115
<b>6.2</b>	<b>Project overview</b> .....	115
6.2.1	Key features of the project.....	115
6.2.2	Key metro characteristics.....	118
6.2.3	Design guidelines.....	120
6.2.4	Environmental considerations in design.....	120
<b>6.3</b>	<b>Metro rail tunnels</b> .....	122
6.3.1	Tunnel alignment.....	122
6.3.2	Tunnel and underground track features.....	132
<b>6.4</b>	<b>Surface tracks</b> .....	135
6.4.1	Metro tracks.....	135
6.4.2	Sydney Trains tracks.....	135

<b>6.5</b>	<b>Overview of metro stations</b> .....	137
6.5.1	Common station elements.....	137
6.5.2	Station configurations.....	137
6.5.3	Provision for over station development.....	138
<b>6.6</b>	<b>Metro stations</b> .....	140
6.6.1	Crows Nest Station.....	140
6.6.2	Victoria Cross Station.....	145
6.6.3	Barangaroo Station.....	149
6.6.5	Pitt Street Station.....	157
6.6.6	Central Station metro platforms.....	161
6.6.7	Waterloo Station.....	165
<b>6.7</b>	<b>Dive structures and tunnel portals</b> .....	169
6.7.1	Chatswood dive structure and tunnel portal.....	169
6.7.2	Marrickville dive structure and tunnel portal.....	170
<b>6.8</b>	<b>Ancillary infrastructure</b> .....	172
6.8.1	Artarmon substation.....	172
6.8.2	Southern services facility.....	173
<b>6.9</b>	<b>Other key project features</b> .....	174
6.9.1	Permanent closure of Nelson Street bridge.....	174
6.9.2	Other bridges.....	174
6.9.3	Noise barriers.....	176
6.9.4	Retaining walls.....	176
6.9.5	Maintenance access.....	176
<b>6.10</b>	<b>Metro rail systems</b> .....	177
6.10.1	Signalling and train control.....	177
6.10.2	Communications.....	177
6.10.3	Traction power supply, substations and overhead wiring.....	178
<b>6.11</b>	<b>Metro operations</b> .....	179
6.11.1	Service frequency and reliability.....	179
6.11.2	Capacity and customer transfers.....	180
6.11.3	Indicative travel time savings.....	181
6.11.4	Hours of operation.....	181
6.11.5	Train types.....	181
6.11.6	Ticketing.....	183
6.11.7	Stabling and maintenance.....	183
6.11.8	Operational staff.....	183

<b>7</b>	<b>Project description - construction</b> .....	185
<b>7.1</b>	<b>Secretary’s environmental assessment requirements</b> .....	185
<b>7.2</b>	<b>Overview</b> .....	186
7.2.1	Environmental considerations in construction.....	186
<b>7.3</b>	<b>Indicative construction program</b> .....	189
<b>7.4</b>	<b>Enabling works</b> .....	190
<b>7.5</b>	<b>Dive structures and tunnel portals</b> .....	190
<b>7.6</b>	<b>Tunnels</b> .....	191
7.6.1	Tunnelling methods.....	191
7.6.2	Tunnelling launch and support sites.....	199
7.6.3	Tunnel fit-out.....	202
<b>7.7</b>	<b>Stations</b> .....	203
7.7.1	Station excavation and structural work.....	203
7.7.2	Aboveground building.....	207
7.7.3	Station fit-out.....	207
<b>7.8</b>	<b>Northern surface track works</b> .....	208
7.8.1	Surface metro tracks.....	208
7.8.2	T1 North Shore Line.....	208
<b>7.9</b>	<b>Ancillary infrastructure</b> .....	210
7.9.1	Artarmon substation.....	210
7.9.2	Southern services facility.....	210
<b>7.10</b>	<b>Construction sites</b> .....	210
7.10.1	Chatswood dive site (northern).....	212
7.10.2	Artarmon substation construction site.....	214
7.10.3	Crows Nest Station construction site.....	216
7.10.4	Victoria Cross Station construction sites.....	218
7.10.5	Blues Point temporary site.....	220
7.10.6	Barangaroo Station construction site.....	222
7.10.7	Martin Place Station construction sites.....	225
7.10.8	Pitt Street Station construction sites.....	228
7.10.9	Central Station construction sites.....	230
7.10.10	Waterloo Station construction site.....	236
7.10.12	Approach for selecting additional construction sites.....	240

<b>7.11</b>	<b>Other construction elements</b> .....	241
7.11.1	Spoil generation.....	241
7.11.2	Construction traffic.....	243
7.11.3	Construction hours.....	244
7.11.4	Demolition.....	245
7.11.5	Utility and power supply.....	247
7.11.6	Utility adjustments and protection.....	252
7.11.7	Transport network modifications.....	254
7.11.8	Heritage investigations, protection and archival recordings.....	257
7.11.9	Construction water management.....	257
7.11.10	Construction plant and equipment.....	258
7.11.11	Materials and water usage.....	258
7.11.12	Construction workforce.....	259
7.11.13	Demobilisation, rehabilitation and landscaping.....	259
<b>7.12</b>	<b>Testing and commissioning</b> .....	260
<b>7.13</b>	<b>Construction environmental management framework</b> .....	260
<b>8</b>	<b>Construction traffic and transport</b> .....	261
<b>8.1</b>	<b>Secretary environmental assessment requirements</b> .....	261
<b>8.2</b>	<b>Assessment methodology and assumptions</b> .....	262
8.2.1	Traffic assessment.....	262
8.2.2	Transport assessment.....	264
8.2.3	Spoil transport options.....	264
8.2.4	Hours of truck operation.....	265
8.2.5	Haul routes.....	266
8.2.6	Spoil generation.....	266
<b>8.3</b>	<b>Existing environment</b> .....	267
8.3.1	Regional traffic environment.....	267
8.3.2	Chatswood dive site (northern) and northern surface works.....	269
8.3.3	Artarmon substation.....	271
8.3.4	Crows Nest Station.....	273
8.3.5	Victoria Cross Station.....	275
8.3.6	Blues Point temporary site.....	277
8.3.7	Barangaroo Station.....	279
8.3.8	Martin Place Station.....	281
8.3.9	Pitt Street Station.....	283
8.3.10	Central Station platforms.....	284
8.3.11	Waterloo Station.....	287
8.3.12	Marrickville dive site (southern).....	289

<b>8.4</b>	<b>Potential impacts</b> .....	291
8.4.1	Pedestrian, cyclist and motorist safety.....	291
8.4.2	Emergency services access.....	292
8.4.3	Major special events.....	292
8.4.4	Construction worker parking.....	293
8.4.5	Power supply routes.....	294
8.4.6	Chatswood dive site (northern) and northern surface works.....	294
8.4.7	Artarmon substation.....	301
8.4.8	Crows Nest Station.....	306
8.4.9	Victoria Cross Station.....	312
8.4.10	Blues Point temporary site.....	318
8.4.11	Sydney Harbour ground improvement works.....	323
8.4.12	Sydney CBD.....	324
8.4.13	Barangaroo Station.....	324
8.4.15	Pitt Street Station.....	338
8.4.16	Central Station platforms.....	344
8.4.17	Waterloo Station.....	353
8.4.18	Marrickville dive site (southern).....	363
8.5	Mitigation measures.....	368
<b>9</b>	<b>Operational traffic and transport</b> .....	371
<b>9.1</b>	<b>Secretary’s environmental assessment requirements</b> .....	371
<b>9.2</b>	<b>Assessment methodology</b> .....	372
<b>9.3</b>	<b>Existing environment</b> .....	372
9.3.1	Regional transport environment.....	373
<b>9.4</b>	<b>Potential impacts</b> .....	376
9.4.1	Strategic traffic and transport impacts.....	376
9.4.2	Transport integration strategy.....	379
9.4.3	Chatswood dive.....	381
9.4.4	Crows Nest Station.....	384
9.4.5	Victoria Cross Station.....	387
9.4.6	Barangaroo Station.....	390
9.4.7	Martin Place Station.....	393
9.4.8	Pitt Street Station.....	396
9.4.9	Central Station.....	399
9.4.10	Waterloo station.....	401
9.4.11	Marrickville dive.....	403
9.4.12	Maintenance access.....	404
<b>9.5</b>	<b>Mitigation measures</b> .....	404

<b>10</b>	<b>Construction noise and vibration</b> .....	405
<b>10.1</b>	<b>Secretary environmental assessment requirements</b> .....	405
<b>10.2</b>	<b>Assessment methodology</b> .....	406
10.2.1	Construction noise metrics.....	406
10.2.2	Sensitive receivers.....	407
10.2.3	Construction noise management levels.....	407
10.2.4	Construction ground-borne vibration.....	410
10.2.5	Blasting.....	411
10.2.6	Construction traffic noise.....	412
10.2.7	Sleep disturbance.....	412
<b>10.3</b>	<b>Existing environment</b> .....	413
10.3.1	Ambient noise surveys and monitoring locations.....	413
<b>10.4</b>	<b>Potential impacts</b> .....	415
10.4.1	Chatswood dive site (northern) and northern surface works.....	415
10.4.2	Artarmon substation construction site.....	419
10.4.3	Crows Nest Station.....	422
10.4.4	Victoria Cross Station.....	428
10.4.5	Blues Point temporary site.....	434
10.4.6	Sydney Harbour ground improvement works.....	437
10.4.7	Barangaroo Station.....	439
10.4.8	Martin Place Station.....	444
10.4.11	Waterloo Station.....	460
10.4.12	Marrickville dive site (southern).....	465
10.4.13	Tunnel excavation.....	469
10.4.14	Power supply routes.....	470
<b>10.5</b>	<b>Mitigation measures</b> .....	472
10.5.1	Construction noise and vibration strategy.....	472
10.5.2	Site specific mitigation measures.....	472
<b>11</b>	<b>Operational noise and vibration</b> .....	475
<b>11.1</b>	<b>Secretary environmental assessment requirements</b> .....	475
<b>11.2</b>	<b>Assessment methodology</b> .....	475
11.2.1	Terminology.....	476
11.2.2	Ground-borne noise and vibration.....	476
11.2.3	Airborne noise.....	479
11.2.4	Operational noise from stations and ancillary facilities.....	482
<b>11.3</b>	<b>Existing environment</b> .....	483
<b>11.4</b>	<b>Potential impacts</b> .....	483
11.4.1	Ground-borne noise and vibration.....	483
11.4.2	Airborne noise.....	492
11.4.3	Operational noise from stations and ancillary facilities.....	496
<b>11.5</b>	<b>Mitigation measures</b> .....	498

<b>12</b>	<b>Land use and property</b> .....	499
<b>12.1</b>	<b>Secretary’s environmental assessment requirements</b> .....	499
<b>12.2</b>	<b>Strategic land use and planning context</b> .....	500
12.2.1	Relevant plans, policies and strategies.....	500
12.2.2	Integration of land use and transport planning.....	500
<b>12.3</b>	<b>Existing land use</b> .....	501
12.3.1	Chatswood dive site (northern) and northern surface works.....	501
12.3.2	Artarmon substation.....	503
12.3.3	Crows Nest Station.....	505
12.3.4	Victoria Cross Station.....	508
12.3.5	Blues Point temporary site.....	511
12.3.6	Barangaroo Station.....	513
12.3.7	Martin Place.....	515
12.3.8	Pitt Street Station.....	518
12.3.9	Central Station.....	520
12.3.10	Waterloo Station.....	522
12.3.11	Marrickville dive site (southern) and southern services facility.....	525
<b>12.4</b>	<b>Potential impacts – property</b> .....	527
12.4.1	Surface construction sites.....	527
12.4.2	Tunnel stratum.....	528
<b>12.5</b>	<b>Potential impacts – land use</b> .....	529
12.5.1	Chatswood dive site (northern).....	529
12.5.2	Artarmon substation.....	529
12.5.3	Crows Nest Station.....	530
12.5.4	Victoria Cross Station.....	531
12.5.5	Blues Point temporary site.....	532
12.5.6	Barangaroo Station.....	532
12.5.7	Martin Place Station.....	533
12.5.8	Pitt Street Station.....	534
12.5.9	Central Station.....	535
12.5.10	Waterloo Station.....	536
12.5.11	Marrickville dive site (southern) and southern services facility.....	536
<b>12.6</b>	<b>Mitigation measures</b> .....	536

<b>13</b>	<b>Business impacts</b> .....	537
<b>13.1</b>	<b>Secretary’s environmental assessment requirements</b> .....	537
<b>13.2</b>	<b>Assessment methodology</b> .....	538
<b>13.3</b>	<b>Existing environment</b> .....	538
13.3.1	Chatswood dive site (northern).....	538
13.3.2	Artarmon substation.....	538
13.3.3	Crows Nest Station.....	539
13.3.4	Victoria Cross Station.....	540
13.3.5	Blues Point temporary site.....	542
13.3.6	Barangaroo Station.....	542
13.3.7	Martin Place Station.....	543
13.3.8	Pitt Street Station.....	544
13.3.9	Central Station.....	545
13.3.10	Waterloo Station.....	547
13.3.11	Marrickville dive site (southern).....	548
<b>13.4</b>	<b>Potential impacts</b> .....	549
13.4.1	Potential construction phase impacts.....	549
13.4.2	Potential operation phase impacts.....	555
<b>13.5</b>	<b>Mitigation measures</b> .....	562
<b>14</b>	<b>Non-Aboriginal heritage</b> .....	563
<b>14.1</b>	<b>Secretary’s environmental assessment requirements</b> .....	563
<b>14.2</b>	<b>Assessment methodology</b> .....	564
14.2.1	Study area.....	564
14.2.2	Identification, significance and assessment of heritage items.....	564
<b>14.3</b>	<b>Sydney’s early European history</b> .....	566
14.3.1	The North Shore.....	566
14.3.2	Sydney CBD.....	566
<b>14.4</b>	<b>Historical context of the project area</b> .....	567
14.4.1	Chatswood dive site (northern).....	567
14.4.2	Artarmon substation.....	567
14.4.3	Crows Nest Station.....	567
14.4.4	Victoria Cross Station.....	568
14.4.5	Blues Point temporary site.....	568
14.4.6	Sydney Harbour.....	568
14.4.7	Barangaroo Station.....	569
14.4.8	Martin Place Station.....	569
14.4.9	Pitt Street Station.....	570
14.4.10	Central Station.....	570
14.4.11	Waterloo Station.....	571
14.4.12	Marrickville dive site (southern).....	571

<b>14.5</b>	<b>Assessment of heritage significance and impact</b> .....	572
14.5.1	Chatswood dive site (northern) and northern surface works.....	572
14.5.2	Artarmon substation.....	574
14.5.3	Crows Nest Station.....	575
14.5.4	Victoria Cross Station.....	576
14.5.5	Blues Point temporary site.....	579
14.5.6	Barangaroo Station.....	582
14.5.7	Martin Place Station.....	585
14.5.8	Pitt Street Station.....	590
14.5.9	Central Station.....	595
14.5.10	Waterloo Station.....	600
14.5.11	Marrickville dive site (southern).....	602
14.5.12	Power supply routes.....	604
<b>14.6</b>	<b>Mitigation measures</b> .....	607
14.6.1	Site specific mitigation measures.....	607
14.6.2	Non-Aboriginal heritage archaeological research design.....	609
<b>15</b>	<b>Aboriginal heritage</b> .....	611
<b>15.1</b>	<b>Secretary's environmental assessment requirements</b> .....	611

<b>15.3</b>	<b>Existing environment</b> .....	613
15.3.1	Historical background.....	613
15.3.2	Previously registered Aboriginal heritage sites.....	613
15.3.3	Aboriginal heritage sites identified during site inspections.....	614
15.3.4	Archaeological potential and significance.....	614
<b>15.4</b>	<b>Potential impacts</b> .....	618
15.4.1	Construction.....	618
15.4.2	Operation.....	619
<b>15.5</b>	<b>Mitigation measures</b> .....	620
<b>16</b>	<b>Landscape character and visual amenity</b> .....	621
<b>16.1</b>	<b>Secretary's environmental assessment requirements</b> .....	621
<b>16.2</b>	<b>Assessment methodology</b> .....	622
16.2.1	Landscape impact assessment.....	622
16.2.2	Visual impact assessment (daytime).....	624
16.2.3	Visual impact assessment (night-time).....	625
<b>16.3</b>	<b>Existing environment</b> .....	626
16.3.1	Chatswood dive site (northern).....	626
16.3.2	Artarmon substation.....	626
16.3.3	Crows Nest Station.....	626
16.3.4	Victoria Cross Station.....	627
16.3.5	Blues Point temporary site.....	628

16.3.6	Sydney Harbour ground improvement work.....	628
16.3.7	Barangaroo Station.....	628
16.3.8	Martin Place Station.....	629
16.3.9	Pitt Street Station.....	630
16.3.10	Central Station.....	630
16.3.11	Waterloo Station.....	631
16.3.12	Marrickville dive site (southern).....	632
<b>16.4</b>	<b>Potential impacts</b> .....	<b>632</b>
16.4.1	Chatswood dive site (northern).....	632
16.4.2	Artarmon substation.....	638
16.4.3	Crows Nest Station.....	640
16.4.4	Victoria Cross Station.....	644
16.4.5	Blues Point temporary site.....	650
16.4.6	Sydney Harbour ground improvement work.....	657
16.4.7	Barangaroo Station.....	662
16.4.8	Martin Place Station.....	668
16.4.9	Pitt Street Station.....	675
16.4.10	Central Station.....	682
16.4.11	Waterloo Station.....	690
