Dear Mr Cerone

**Sydney Metro - Chatswood to Sydenham (SSI-7400)
Waterloo Interchange Access Plan**

I refer to the Waterloo Interchange Access Plan (IAP) which was submitted in accordance with Condition E92 of the approval for the City and South West Chatswood to Sydenham project (SSI-7400).

The Department has carefully reviewed the document and is satisfied that it:

- has adopted the modal hierarchy consistent with the principles defined in the EIS
- was prepared in conjunction with the Station Design and Precinct Plan
- was prepared in consultation with the Design Review Panel, Traffic and Transport Liaison Group, City of Sydney Council and Transport for NSW
- has been reviewed by an independent consultant and found to be satisfactory, and
- has addressed the conditions of approval.

Accordingly, as nominee of the Planning Secretary I approve the Waterloo Interchange Access Plan (Version 3.18, dated July 2021). Please ensure that the approved plan is placed on the project website at the earliest convenience.

You are reminded that if there is any inconsistency between the Waterloo Interchange Access Plan and the conditions of approval, then the requirements of the conditions of approval will prevail.

If you wish to discuss the matter further, please contact Grant Brown at grant.brown@dpie.nsw.gov.au

Yours sincerely
