Dear Mr Cerone,

**Sydney Metro City & Southwest (SSI-7400)
Condition C16: Quarterly Construction Monitoring Report April – June 2021**

I refer to the Sydney Metro Quarterly Construction Monitoring Report April – June 2021, Revision B, dated 27 July 2021 submitted under condition C16 of SSI 7400.

I note that the Construction Monitoring Report:

- have been reviewed by Sydney Metro and no issues were raised; and
- concluded that noise and vibration, and surface water monitoring results raised no major concerns for the period.

You are reminded that if there is any inconsistency between the Construction Monitoring Report and the conditions of approval, then the requirements of the conditions of approval will prevail.

If you wish to discuss the matter further, please contact Scott Cooper at scott.cooper@planning.nsw.gov.au.

Yours sincerely
