I refer to your submissions requesting approval of the Construction Environment Management Plan (CEMP), Construction Heritage Management Plan (CHMP), Construction Noise and Vibration Management Plan (CNVMP) and Groundwater Management Plan (GWMP) for Waterloo Integrated Station Development in accordance with conditions C6 and C7 of SSI 7400. I also acknowledge your response to the Department's review comments and requests for additional information.

I note that the CEMP, CHMP, CNVMP and GWMP:

- have been reviewed by Sydney Metro and no issues have been raised
- have been endorsed by the Environmental Representative
- contain the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the following documents pursuant to condition C8.

Document	Revision and date
CEMP	revision H, dated 12 June 2020
CHMP	revision D, dated 20 July 2020
CNVMP	revision H, dated 26 July 2020
GWMP	revision D, dated 17 July 2020

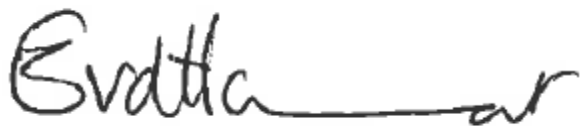

I understand that ongoing contamination assessment for the Waterloo Integrated Station Development works will be subject to the Site Audit process in accordance with the *Contaminated Land Management Act 1997* and that any additional monitoring or management measures that may be required will also be undertaken in accordance with this Act. You are reminded that in accordance with condition E66 of SSI 7400, copies of Site Audit Statements and Site Audit Reports are to be submitted to the Planning Secretary and Council for information no later than one month prior to commencement of operation.

You are also reminded that if there is any inconsistency between the approved CEMP, CHMP, CNVMP and GWMP and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that you make the approved plans publicly available on the project website.

If you wish to discuss the matter further, please contact Rebecca Eddington on rebecca.eddington@planning.nsw.gov.au.
