Dear Mr Cerone

**Sydney Metro City & Southwest (SSI 7400)
Demonstrative Investigation for Condition E84**

I refer to your submission of the Line-wide Works Contract report titled Demonstrative Investigation for Condition E84 (Delivery by non-rail method for remainder of the work after TSE) – Investigative Report, dated 4 August 2020 (Investigative Report) under Condition E84. I also acknowledge your response to the Department's review comments and requests for additional information.

I note that the Investigative Report contains the information required by the conditions of approval for the Line-wide Works.

As nominee of the Planning Secretary, I am satisfied that the decision to not adopt materials delivery by non-road methods has been adequately demonstrated, pursuant to condition E84.

Please ensure that you make the Investigative Report publicly available on the project website.

If you have any questions, please contact Swati Sharma at swati.sharma@planning.nsw.gov.au.

Yours sincerely
