Dear Tatsiana,

Re: Advice on Secretary's Environmental Assessment Requirements (SEARs) – NEW ENGLAND REZ TRANSMISSION PROJECT – BAYSWATER POWER STATION to BOOROLONG (SSI-74175972)

Fire and Rescue NSW (FRNSW) acknowledge correspondence received on 31 July 2024, requesting input into the preparation of the SEARs for the NEW ENGLAND REZ TRANSMISSION PROJECT– BAYSWATER POWER STATION to BOOROLONG (SSI-74175972). FRNSW have reviewed the SEARs and the Scoping Report with particular focus to Section 2.3.3 (Key risk and hazards).

There is currently insufficient information available regarding the fire safety and emergency response management aspects of the project. If required, FRNSW will review and provide comment at the Exhibition stage of the project.

For further information please contact the Operational Liaison and Special Hazards Unit, referencing FRNSW file number BFS24/4794. Please ensure that all correspondence in relation to this matter is submitted electronically to firesafety@fire.nsw.gov.au.

Yours sincerely,

A handwritten signature in black ink, appearing to read "James O'Carroll".

Superintendent James O'Carroll
Manager
Operational and Liaison and Special Hazards Unit
