Dear Peter,

WestConnex M4-M5 Link (3A) Air Quality Monitoring Stations - E25 (SSI-7485)

I refer to your letter dated 10 June 2021, requesting the Planning Secretary's approval of a NATA accredited organisation to establish and operate the air quality monitoring stations in accordance with condition of approval E25.

You have nominated Ecotech Pty. Ltd. and have submitted documentation demonstrating that consultation with the NSW Environment Protection Authority and the project's Air Quality Community Consultative Committee on the nomination has occurred and no objections were raised.

I also note you have submitted documentation demonstrating that Ecotech Pty. Ltd. is a NATA accredited organisation. Accordingly, given the above, I approve the nomination of Ecotech Pty. Ltd. in accordance with condition of approval E25.

If you wish to discuss the matter further, please contact Carl Dumpleton by email at carl.dumpleton@planning.nsw.gov.au.

Yours sincerely

Jake Shackleton
Director – Infrastructure Management

As nominee of the Planning Secretary
