

Department of Planning and Environment

Tarnjit Chahal
Project Director - WestConnex
Transport for NSW
20-44 Ennis Road
Milsons Point NSW 2061

05/04/2022

Dear Mr Chahal,

**WestConnex M4-M5 Link 3B – Rozelle Interchange (SSI 7485)
Groundwater Monitoring Report – May 2021 to November 2021**

I refer to the Groundwater Monitoring Report for May 2021 - November 2021, Revision 01, dated 24 March 2022 submitted to the Department for information as required under condition of approval C17 of SSI 7485. I acknowledge and thank you for your responses to the Department's review comments and request for additional information.

I note that:

- the two monitoring wells that were installed in consultation with DPE Water (IC_BH03 and IC_BH04) are yet to provide enough data for monitoring and will be included in the next monitoring report;
- further details have been provided for bores where results indicated lower than predicted groundwater levels; and
- all exceedances of Site-Specific Trigger Values (SSTVs) for groundwater salinity were investigated and deemed to not be attributed to project works.

If you have any questions, please contact Sarah Kamarudin at sarah.kamarudin@dpie.nsw.gov.au.

Yours sincerely

Shelley Reed
Team Leader
Infrastructure Management

As nominee of the Planning Secretary
