Team Leader – Motorways, Infrastructure Management
Department of Planning, Industry and Environment
GPO Box 39
Sydney NSW 2001

Dear Carl,

**WestConnex M4-M5 Link Mainline Tunnel (SSI: 7485)
Condition E165 Heritage Archival Recording and Salvage**

Condition of Approval (CoA) E163 requires the preparation of a Heritage Archival Recording and Salvage Report. For the M4-M5 Link Tunnels project, this CoA relates to the former Bank of NSW building which was located at 164 Parramatta Road, Annandale. The Contractor prepared reports satisfying CoAs E163 to E165. These were previously provided to DPIE on 14 December 2018 and placed on the project's website in accordance with CoA B17.

Following on from discussions held in the monthly meeting the Contractor is seeking clarification in asking the following question: "Is the intent of the CoA being complied with if the salvaged items are offered to Inner West Council for use in the LGA in the first instance prior to providing it to others in the locality"

Please contact Courtney Moran, Senior Environment Officer TfNSW on 0448 076 078 or courtney.moran@transport.nsw.gov.au if you would like to discuss this further.

Yours sincerely,

Courtney Moran
Senior Environment Officer
