Subject: WestConnex M4-M5 Link – Stage 3 (SSI-7485): Operational Road Network Performance Review Alternative Timeframe Request

Dear Ms Pollard,

I refer to your submission dated 29 May 2025, seeking approval for an alternative timeframe for the submission of the Operational Road Network Performance Review (ORNPR) required by condition E64 under condition A8 of SSI-7485.

I note that:

- The alternative timeframe is required to ensure that there is sufficient time to properly consult with local Councils to further engage on the mitigation measures; and
- The 5-year ORNPR will still be submitted by 30 Jun 2030.

As nominee of the Planning Secretary, I approve your request for an alternative timeframe to submit the 12-month Operational Road Network Performance Review (condition E64) under condition A8 by 28 November 2025.

Please ensure you provide the Department with regular updates, and as requested, on the progression of these reviews including the development, implementation and review of the performance of mitigation measures, and how the project is consulting with the local Councils.

Should you wish to discuss the matter further, please contact Katherine Klouda at [Katherine.Klouda@planning.nsw.gov.au](mailto:Katherine.Klouda@planning.nsw.gov.au).

Yours sincerely

Dominic Crinnion  
Director  
Infrastructure Management

As nominee of the Planning Secretary
